## Drawing For Tickets

Applications by non 2009 - 2010 members or sponsors will be rejected.

Should the total number of ticket applications for any given match at specific values be greater than our allocation we will randomly draw the receiver of the tickets. Any applications not receiving tickets at their desired face value will be drawn at the lower face value levels. The draw for these unsuccessful applications will take place after all necessary draws for specifically selected tickets has taken place. Any unsuccessful applications will receive a refund by cheque unless the applicant wishes to hold the application pending further issue of tickets by the RFU. Applicants who receive lower face value tickets will receive a refund for the difference by cheque. Tickets will be drawn on Sunday 9th May 2010

**Wherever practical draws will be made for pairs of tickets**
